WTC-MACRO
Group

PRODUCTION DIVISION

Manufacturing of equipment for water, air treatment and galvanic lines Storage

and processing tanks

Oil separators

Process filters

Compact WWTP for villages, hotels, houses

Complete ventilation systems

Plastic vessels

Other customized and standard products

Division WTC-MACRO Production

WTC-MACRO Production is a part of **WTC-MACRO Group** specialized in **manufacturing of high quality equipment and products** mainly used in plants for **water and air treatment**.

WTC-MACRO Production has gained a great deal of knowledge within production of standard and customized equipments in various steel and thermoplastic materials. The division has applied its long experience and expanded our capabilities to provide a variety of **storage and processing tanks, air treatment equipment, ventilation systems, piping solutions, dosing systems and other customized products for industries.**

The combination of service and skilled craftsmanship quality has created many satisfied customers.

Our Products

Following are some of the products we provide.

- storage and processing tanks
- lamella separators
- chamber reactors
- process filters
- compact wastewater treatment plants
- single and double wall plastic tanks
- ventilation systems
- air treatment systems
- scrubbers, droplet separators
- carbon filters
- plastic vessels
- custom-designed HDPE and PP systems
- dosing systems
- plastic grease separators
- plastic piping
- oil separators
- swimming pools
- plastic pumping stations
- plastic wells
- mobile WWTP

WTC-MACRO Production is knowledgeable and highly professional provider of environment-friendly and safe storage systems for acids, bases and other hazardous chemicals.

We are able to provide you an optimum systems starting with **design, construction / fabrication** and if requested even **installation, start-up etc.**

Our products are certified and fulfilling the european norms.

References of the Production Division

Below are some of the plants which have been supplied for industries and municipalities in different countries.

Fabrication of plastic products:

Sapa	Sweden	Tanks/chemical storage/WTP
Provexa	Sweden	Ventilation system
Elekon/Schlötter	Russia, Sweden	WWTP
Vapotec	Sweden	Tanks/chemical storage/WTP
Purus	Sweden	Ventilation, air treatment
Kia Motors	Slovakia	Ventilation system
Hyundai	Czech Republic	Storage and processing tanks, pipings
Whirlpool Matejovce	Slovakia	WWTP
Farm Fresh Majcichov	Slovakia	Plastic pipings
Galvatech	Slovakia	Galvanizing line
Coop	Slovakia	Plastic products for rack systems
Billa	Slovakia	Plastic products for rack systems
Baťa	Slovakia	Plastic products for rack systems

Other references of our Group:

Water & wastewater treatment plants for industries and municipalities:

Kindasa Water Services	Saudi Arabia	Lime Dosing and Saturating System
Rudeshur WTP	Iran	Reverse Osmosis Plant
Kepong I, II 4200 m ³ /h	Malaysia	Drinking water
North Rumaila 8390 m ³ /h	Iraq	Industrial water
Ulu Pandan 10500 m ³ /h	Singapur	Waste water
Colorado Springs 12500 m ³ /h	USA	Drinking water
Frantschach	Austria	Mechanical-disc filter / Wood pulp
Hylte Bruk	Sweden	Suphite/newsp./turn-key
Grycksbo	Sweden	Fibre recovery/tun-key
SCA Ortvikén	Sweden	Pulp and paper/turn-key

Equipments & accessories for water, wastewater and sludge treatment:

Mordovcment	Russia	Dosing station
Kraft Foods	Ukraine	Mechanical separation
Proton Finishing	Estonia	WWTP
SAPA Vetlanda	Sweden	WWTP
FAB	Czech Republic	Dosing equipment
Ericsson	Sweden	Printed circuit boards, WWTP/WTP
Husqvarna	Sweden	Cutting machines, motor saws, WWTP/WTP
Aspocomp	Finland	Printed circuit boards, WWTP/WTP
Capinor	Norway	Printed circuit boards
Proton Finishing	Sweden	Surface treatment
